PROJECTS

Ecommerce App

Developed a e-commerce app as a project. It is made using clean architecture and includes all the important topics of flutter such as state management, API and firebase while learning flutter in Broadway Infosys Institute.

https://github.com/Sabinkc/ecommerce_app

Ecommerce website

Developed a e-commerce website using HTML, CSS and React with our college team as a project of college's extra class.

Weather App

Developed a weather app using the open weather API which shows the weather of a location.
